Dear Captain Spooner:

At the regular monthly meeting of the Board of Directors of the Massachusetts Rifle Association on March 1, 1955, it was decided to permit the Pioneer Rifle Club of Woburn to use the range of the Association subject to the following conditions:

The Association accepts the 4-H Pioneer Rifle Club as a unit, with Captain Spooner to be in charge and have complete control at all times; that each member of the 4-H Club pay \$1.00 a year to the Association, plus any extra charge by our insurance company for their activities, and a range fee of 25 cents per person at each shooting period; to allow the 4-H Club to have the facilities of the indoor range on Saturdays, with two bays reserved for members of the Rifle Association, as they so desire; that the 4-H Club shall supply its own targets and ammunition, and that no member of the 4-H Club is to shoot on any range unless accompanied by Captain Spooner; that the members of the 4-H Club under Captain Spooner be restricted to the use of 22 long rifle rim-fire ammunition only; these conditions are subject to acceptance by our insurance company.

Dear Mr. Matson

What with being all tied up with many things, I haven't been able to get over to the range lately, but I am wondering just what has happened regarding the MRA and the Pioneer Rifle Club. The last time I saw you I learned that everything was approved except some sort of an agreement we had to sign. Since then I have heard nothing.

I have kept the club's impatience toned down with the supposition that the MRA was waiting until January 1, 1955 to let us in. Now that that date is practically here, I'll have to do some tall explaining unless I hear something very soon.

Will you let me know how matters stand at present so that I may have something to go on? A stamped envelope is enclosed for your convenience. Thanks very much for your personal interest and a very happy Christmas and prosperous New Year to you.

Sincerely

Arthur E. Spooner
